

**Series PNKP**

**Article: 402765**

**Rivets**

**Expanding Nylon Rivets**

Simple installation. No tools required. For installation: simply insert the expansion rivet into the hole provided and then press in the head. To release again, pull out the head. Temperature-resistant design up to 150°C. Our rivets are insulating and can replace metal screws.

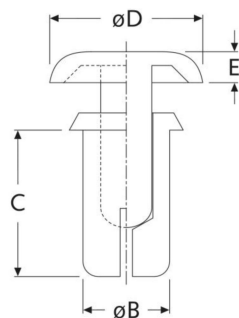

Material:

Polysulfone, black, UL 94 V-2

**Technical Data 402765**

Building Type	Expanding rivet
Material	polysulfone
Fire protection class	UL 94 V-0
Colour	black
Material thickness in mm	1,5-2,5
Rivet head diameter in mm	6,4
Rivet head height in mm	1,6
Height hull in mm	4,5
Rivet diameter in mm	3,1
Shaft length in mm	6,1
Hole diameter in mm	3,1

**Drawing for Component**

B	Nietendurchmesser
C	Höhe Hülse
Ø D	Nietenkopfdurchmesser
E	Nietenkopf Höhe
MS	Materialstärke
